Summary of Duties – General Labor:

- General worksite setup, cleaning & maintenance
- Setup & maintenance of temporary power & heating equipment
- Installation of tarps, temporary closures & hoardings as necessary
- Material handling and organizing
- Basic earthworks (excavation, backfilling, placing & spreading of fill materials)
- Erect and dismantle concrete forms, scaffolding, ramps, catwalks, shoring and barricades required
- Assist tradespersons such as carpenters, bricklayers, cement finishers, roofers and glaziers in construction activities
- Snow clearing, site pumping / dewatering, etc. as required to maintain a safe jobsite
- Operate skid steel to clear snow, maintain site access & organize lay down areas
- Operate skid steel to unload and load materials and deliver throughout the site
- Other duties and responsibilities as assigned

Summary of Duties – Carpentry:

- Items noted above in General Labor as well as...
- Assist with basic survey, layout & measurements throughout the project
- Assist with foundation (piling & concrete grade beam) installation.
- Assist with concrete formwork, placing & finishing
- Drilling, installing and grouting various concrete anchors
- Installation of plywood & lumber (backing) in walls and ceilings
- Installation of door frames, doors, and door hardware
- Installation of washroom accessories
- Other duties and responsibilities as assigned

OTHER SKILLED TRADES

In addition to General Labor and Carpentry duties for Krawford Construction, there will be various other trade contractors intermittently involved throughout the project for days or weeks at a time. Employment with these trades may or may not be full-time and will be discussed on a case-by-case scenario.

OTHER SKILLED TRADEWORK:

- Earthworks (clearing, excavation, backfill, trenching, rough & final grading)
- Concrete Formwork / Cribbing / Rebar Installation
- Structural Steel & Welding
- Millwork & Cabinetry Installation
- Metal Siding & Metal Roofing
- Window Installation
